Safety Instructions

Safety

- All assembly fixings should always be tightened properly.
- Care should be taken that no screws are loose because a child could trap parts of their body or clothing (e.g. strings, necklaces, ribbons, dummies, etc.), which could pose a risk of strangulation.
- Be aware of the risks of open fires and other such sources of strong heat, such as electric bar fires, gas fires, etc., in the near vicinity of the underbed drawer.
- Do not use if any of the parts are broken, torn, or missing.
- Any additional or replacement parts can only be obtained from the manufacturer or distributor.
- Ensure there are no small parts or fixings left after assembly as these can be a choking hazard.

Maintenance

- Take care when handling or moving the furniture. Careless handling may cause damage.
- Regularly check that all fixings are tightened and that there are no broken or damaged parts.

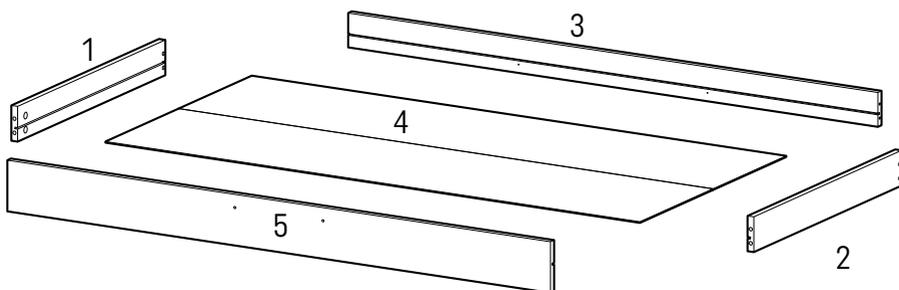

Cleaning

- Your underbed drawer can be cleaned by wiping with a damp cloth and drying with a soft, clean cloth.
- Do not use abrasives, bleach, alcohol, or ammonia-based household polishes.
