Then pull up the frame locks on either side to release the frame.

Push the handlebar forward and down to close the frame.

7. Care and Maintenance

7.1. CLEANING

- Spot or sponge clean fabrics with mild detergent. Use mild soap or upholstery shampoo. NEVER use bleach. Dry in shade thoroughly before reuse and avoid direct heat and sunlight. Do not iron. Do not dry clean.
- Wipe clean plastics and metals with a damp cloth.
- Never clean any part of the product with abrasive, ammonia based, bleach based or spirit type cleaners.
- Ensure the product is fully dry before use or storage.
- Always ensure the product is stored in a dry place to prevent mold or mildew developing.

7.2. MAINTENANCE

- The product requires regular maintenance to ensure correct and safe performance.
- Regularly inspect the joints and fixings to ensure they are clean, operating correctly and in full working order.
- Do not use this product if any part is broken, torn or missing and use only spares provided by the manufacturer.
- If parts become stiff or difficult to operate, ensure dirt is not the cause, then try a light application of a silicon lubricant, ensuring it penetrates between the components. Regular lubrication of moving parts will extend the life of your product and make opening and folding easier.
- After exposure to damp conditions, dry off with a soft cloth and leave fully open in a warm environment. Storing damp will encourage mildew to form.
- Store in a dry place.
- Do not leave in sunlight for prolonged periods as some fabrics may fade.
