Important Information

IMPORTANT! Your Puggle Happy Balance Bike may differ slightly from images shown above and throughout, as the images used are for illustration purposes only.

Your Puggle Happy Balance Bike is tested to comply with EN 71.

- Bags and other items should not be hung from the handles as this can affect the stability of the product.
- DO NOT use parts or accessories which are not approved or supplied by the manufacturer.
- DO NOT allow your child to play with this product without adult supervision.

Safety Instructions

IMPORTANT – Read the instructions carefully before use and keep for future reference.

- **WARNING:** A child's safety is your responsibility.
- **WARNING:** Adult assembly is required.
- **WARNING:** Ensure that all components are fitted securely into place and tightened where applicable before allowing your child to play with the balance bike.
- **WARNING:** Ensure that the child is supervised by an adult when using the balance bike at all times, and is taught about the correct usage of the product.
- **WARNING:** Ensure that all locking devices are engaged before usage.
- **WARNING:** This product is suitable for use by one child at a time only.
- **WARNING:** DO NOT overload this product, maximum capacity is 20kg.
- Approximate age range is 18 months to 4 years.
- **WARNING:** Keep hands and other limbs away from moving parts such as the wheel to prevent entrapment and injury.
- **WARNING:** Protective equipment should be worn. Children should wear approved protective equipment e.g. helmet and correct fitting is required.
- **WARNING:** DO NOT allow a child to ride on roadways, public highways or alleys. Not to be used in traffic.
- **WARNING:** DO NOT allow a child to ride on steeply sloped areas, near steps, swimming pools, or other bodies of water.
- For use on smooth, paved surfaces only.
- Ensure that the rider keeps both hands on the handlebar at all time for proper control.
- **WARNING:** DO NOT allow a child to ride the product at dusk, at night or at times of limited visibility.
- Children should be reminded that the toy should be used with caution, since it requires skill, so as to avoid falls or collision causing injury to the user and third parties. They should also be reminded of the dangers of using this product on public highways.
- All assembly fittings should always be tightened properly, checked periodically and the care should be taken that no bolts are loose, because a child could trap parts of the body or clothing (e.g. strings, necklaces, ribbons for babies' dummies), which could pose a risk of suffocation and strangulation.
- Replace broken or worn parts immediately, only use parts supplied or approved by the manufacturer.
- This Puggle Happy Balance Bike conforms to BS EN 71.

Care and Maintenance

Cleaning

- Scuff marks may be removed with a soft, damp cloth.
- DO NOT use harsh or abrasive cleaners or bleaches on this product, as they may damage the product.

Maintenance

- Periodically check all fixings to ensure they remain tight and tighten where required.
- Regularly inspect the wheels, locks, harness, catches, seat adjusters, joints and fixings to ensure they are clean, operating correctly and in full working order.
- Do not use this product if any part is broken, torn or missing and use only spares provided by the manufacturer.
- If parts become stiff or difficult to operate, ensure dirt is not the cause, then try a light application of a silicon lubricant, ensuring it penetrates between the components. Regular lubrication of moving parts will extend the life of your product and make opening and folding easier.
- After exposure to damp conditions, dry off with a soft cloth and leave fully open in a warm environment. Storing damp will encourage mildew to form.
- Store in a dry place.
- Do not leave in sunlight for prolonged periods as some colours may fade.

Troubleshooting Tips

Issue	Possible Root Cause	Solution
Joints are stiff, in particular elbow joint	Lack of lubricant	Lubricate joint as per the instructions in the maintenance section.
Parts do not click into place.	Parts are not correctly aligned.	Ensure that parts align correctly and click into place as per the assembly instructions.
